A Message from the Author

I began my career as a Fortune 50 Sales and Marketing Manager with an MBA. I later started and operated a landscape company that was twice named Business of the Year, and recently sold my business after 20 successful years.

During those 30 years I learned a great deal about marketing, and I can assure you that you may never see a marketing opportunity like social media again in your career.

This CD will help you to get started and then build a solid foundation for sustainable success. Jeff
